Masks

Comments \*

Dear LVJUSD School Board and Administrators,

I am the parent of two Livermore students. I am writing today to ask that you continue to require masks in our public schools. The Delta variant is no joke. It infects more people and causes more serious illness than original COVID. The only way we are going to stop this virus from spreading and continuing to mutate into more lethal forms is by stopping the spread. Masks are one of the simplest things we can do to stop the spread, vaccinations are another. Children under the age of twelve cannot be vaccinated yet so they are vulnerable. It is terribly disappointing that anyone would selfishly insist they should not have to wear a mask when lives are at stake. Please remain on the side of reason, science, and public health and require masks at school to protect kids, teachers, school employees, and all of their families.

Thank you.
