**Subject:** School board meeting follow up

I wanted to reach out and voice my support for masking mandates at school. My daughter started Kindergarten this year at Lawrence Elementary. I am nervous about exposing her, and by extension the rest of our family, to the Delta variant before my children can get vaccinated, but the mental detriment after the last 1.5 years at home with just her sibling for age-similar company outweighed the risk because I knew the schools would be requiring masks. The science is clear that masking works and so I want to wholeheartedly encourage the continued mandate of masks in our schools. Thank you for your support of that policy.
