

Hello LVJUSD Leadership,

I'm writing in request to have the COVID numbers for every school in LVJUSD posted daily online for us to see instead of only every Tuesday. The data is available and it would be nice to see the trend so we aren't as nervous wondering what is happening in our schools.

I know San Ramon School district does provide for families and it is a valuable tool.
(<https://www.srvusd.net/coviddashboard>)

We are trusting staff to keep our children safe and it is a huge step for all of us. We can't be there to ensure masks are being worn and that kids are maintaining social distancing. This would help ease the stress of knowing what is happening in schools.

Thank you for your time and concern,
Kirsten Zoerhoff
