Semester Schedule

* Comments

I wish to formally protest against the semester schedule that has been imposed on us and the students. I have two students enrolled at GHS, and I am livid at the system that was imposed this year. Firstly, they received their schedules ridiculously late this year beyond the time that was initially proposed. I have one student that is reluctant to speak out and stand for themselves and failed to get any electives this year resulting in their academic day being less than 5 hours a day. This is absolutely unacceptable. The schedules and mess clearly caused by the change is detrimental to my child's education. I have felt there has been little or no out course I can take as a parent to ensure that they are getting an education that I as a tax payer are paying. You need to do better. This change was poorly implemented. We have lack of choices available for our students. My student is now missing out on courses we were hoping for that would put him on a course for college.

We need to do better for our students and children.
