

School Plan for Student Achievement (SPSA)

The School Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to EC 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

School Name	Granada High School
Address	400 Wall Street Livermore, CA 94550
County-District-School (CDS) Code	01-61200-0133397
Principal	Clark Conover
District Name	Livermore Valley Joint Unified School District
SPSA Revision Date	November 12, 2024
Schoolsite Council (SSC) Approval Date	October 22, 2024
Local Board Approval Date	November 12, 2024

In the pages that follow, please describe the school's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs.

School Vision and Mission

Granada High School Vision: Granada High develops caring, knowledgeable, and active lifelong learners ready to contribute and thrive in an interconnected and changing world.

Granada High School Mission: Granada High School uses a focus on state standards, continuous technological developments, staff development, and a schoolwide commitment to excellence and innovation in order to produce students who can problem solve; apply logical processes; evaluate texts, data, and chains of causality; and effectively communicate in a variety of modern media.

Granada High Student Learner Outcomes:

- Students will be able to follow and apply logical processes
- Students will be able to problem-solve
- Students will be able to interpret and evaluate texts and data
- Students will be able to inquire and reflect on their learning
- Students will be able to effectively communicate in a global society using a variety of media
- Students will be able to advocate for personal and community well-being

School Profile

Granada High School opened in 1963. It is located in Livermore, California and is one of two comprehensive public high schools within the Livermore Valley Joint Unified School District, situated in Livermore, a city of about 85,000 residents.

There are presently five administrators, ninety eight Full-Time Equivalent (FTE) teachers along with two Tri-Valley Regional Occupation Program (TVROP) teachers on site, and four counselors. Granada High School is supported by custodians, campus supervisors, office clerical, a child welfare and and attendance aide, a school resource officer, and Special Education aides.

This year, Granada High School moved to a semester schedule. The school is on a eight period block schedule.

Granada remains dedicated to ensuring that all students receive and complete four academically rigorous years of study that will prepare them for whatever post-secondary life they choose to pursue. Most of our students elect to continue their education, and Granada is dedicated to making sure that all students have the skills and prerequisites necessary to succeed at a college institution. Granada has found ways to create and fund innovative intervention measures, such as Academic Support and Enrichment (ASE) and Study Support Lab. Granada staff continues to find ways to meet the needs of all students. In 2015, Granada earned the honor of being named a California Gold Ribbon School, recognized for the California State Standards-based assessment and intervention system modeled by the English Department as a prototype for the entire school.

Granada has an active School Site Council (SSC) composed of the principal, three other staff members, four teachers, four parents, and four students. The Site Council provides significant input on the School Plan for Student Achievement (SPSA) and Local Control Funding Formula (LCFF) Budget, and helps create direction for the school. Other support groups on campus are the Granada Supporters and the Granada Music Boosters. Both groups actively support student activities on campus.

The Granada staff is committed to seeking and developing innovative ways to meet the needs of students in the 21st century. Staff attends conferences and workshops to improve their instruction. Many staff members participate on WASC visiting committees at other schools to bring back information to help strengthen Granada. Staff also participate in ongoing collaboration with others in the District and on site to improve student achievement. At the same time, Granada High School uses Positive Behavioral Interventions and Supports (PBIS). The site has been awarded a silver award through California PBIS.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

School Site Council (SSC) provides input and reviews all School Plans, along with the Western Association for Schools and Colleges (WASC) plan and ongoing work throughout each school year. Granada High School is completing a 6 year cycle and has a WASC visiting committee coming this Fall.

Information from SSC meetings is shared with other Granada groups; reports and input from English Learner Advisory Committee (ELAC) are shared at administrative, leadership, and Site Council meetings by the EL Liaison. Input from members of ELAC is sought and included in the construction of the School Plan.

The SPSA is monitored throughout the school year by administration, department leaders, and SSC. Goals are revisited and strategies revised, when possible, to promote student achievement.

- 1. In 2023-2024, there is an increase in school connectedness at Granada High School. Granada continues to encourage students to participate in activities outside of the classroom, including clubs and sports.
- 2. In 2023-2024, there is an increase in students feeling safe at Granada High School. Staff continues to support students that do not feel safe at school.
- In 2023-2024, there is an increase in students feeling that they have caring adult relationships at Granada High School. Staff continues to try to make connections with students.

Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

Annual Review and Update

SPSA Year Reviewed: 2023-24

Goal 1

Increase the percentage of students who have the skills and knowledge to graduate from high school, college and/or career ready

Annual Measurable Outcomes

Metric/Indicator

California Assessment of Student Progress and Performance (CAASPP) results ELPAC / EL Reclassification results Graduation Rate A-G completion

Expected Outcomes

To increase the percentage of students scoring Standard Met or Exceeded in English Language Arts to 75%.

To increase the percentage of students scoring Standard Met or

students scoring Standard Met or Exceeded in Mathematics to 55%. To increase the percentage of English learners that are reclassified to 10%.

To increase the Graduation Rate to 98.5%.

To increase the percentage of graduates that complete the a-g requirements to 65%.

Actual Outcomes

The percentage of students scoring Standard Met or Exceeded in English Language Arts on the CAASPP was 77%.

The percentage of students scoring Standard Met or Exceeded in Mathematics was 47%.

The percentage of English learners that were reclassified are 7%. The graduation rate information for 2023-2024 is not available.

The percentage of graduates that completed the a-g requirements was 65%.

Baseline

The percentage of students scoring Standard Met or Exceeded in English Language Arts in 2024 was 77%. The percentage of students scoring Standard Met or Exceeded in Mathematics in 2024 was 47%. 7% of English Learners were reclassified in 2024. 65% of graduates completed the a-g requirements in 2024. 58% of graduates were college and career ready in 2024.

Expected Outcome

To increase the percentage of students scoring Standard Met or Exceeded in English Language Arts to 79%.

To increase the percentage of students scoring Standard Met or Exceeded in Mathematics to 50%. To increase the percentage of English Learners that are reclassified to 10%.

To increase the percentage of graduates that complete the a-g requirements to 67%.

To increase the percentage of graduates that are college and career ready to 60%.

Planned Strategies/Activities

Strategy/Activity 1

Literacy/Reading Comprehension/Writing:

Offer English Workshop and Literacy Courses as academic remediation.

Work with English Department to revise Workshop courses to better identify and meet the needs of struggling students. Offer Co-teaching in English courses to help support Special Education students.

Utilize Academic Support and Enrichment (ASE) program to provide targeted intervention for students in English Language Arts, focusing intervention on SBAC strands.

Administer Interim Block Assessments to support student mastery of ELA strands.

Provide English Learner support through targeted ELD software.

Monitor English Learner progress by collaborating and supporting students as a site.

Provide professional development to support English Learners.

Make use of document cameras and voice projection systems in content area courses to facilitate academic language development and content access by English Learners.

Offer content area professional development through available conferences.

Other	\$ 40,212	40,212.00

Expenditures by Funding Source

Funding Source	Amount

10,815.00

School Site Council Membership

Name of Members

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

Role

- 1 School Principal
- 4 Classroom Teachers
- 3 Other School Staff
- 4 Parent or Community Members
- 4 Secondary Students

Clark Conover	Principal
Colton Sehmsdorf	Classroom Teacher
Michel Gasquy	Classroom Teacher
Nicole Avilla	Classroom Teacher
Tim Rankin	Classroom Teacher
Jennifer Advincula	Other School Staff
Karen Paladichuk	Parent or Community Member
Katherine Reggans	Parent or Community Member
Jeffery Vail	Parent or Community Member
Kaitlyn Brongiel	Secondary Student
Victoria Roa	Secondary Student
Allacyn Halfon	Secondary Student
Addison Rosenlind	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Parent or Community Member

Other School Staff

Other School Staff

Adair Spence

Kelsey Keck

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Jem Um

Committee or Advisory Group Name

English Learner Advisory Committee

Departmental Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

Principal, Clark Conover on 10/29/24

SSC Chairperson, Katherine Reggans on 10/31/24

This SPSA was adopted by the SSC at a public meeting on October 23, 2023.

Attested:

School Plan for Student Achievement (SPSA) Page 56 of 65

Addendum

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

Educational Partner Involvement

Goals, Strategies, & Proposed Expenditures

Planned Strategies/Activities

Annual Review and Update

Budget Summary and Consolidation

Appendix A: Plan Requirements for Schools Funded Through the ConApp

Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to completion of the SPSA template, please contact the Local Educational Agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Goals, Strategies, & Proposed Expenditures

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

Basis for this Goal

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

Expected Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

Planned Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school's budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

Annual Review and Update

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year's approved SPSA. Minor typographical errors may be corrected.

Annual Measurable Outcomes

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

Strategies/Activities

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measureable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

Appendix A: Plan Requirements for Schools Funded Through the ConApp

Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

- 1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
- A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
- 3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
- 4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
- 5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
- 6. The proposed expenditures of funds available to the school through the programs described in EC Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
- 7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to EC Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
- 8. A description of how state and federal law governing programs identified in EC Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
- 9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: EC sections 64001(f)-(g) and 52853(a)(1)-(7).

Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

- 1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
 - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
 - b. use effective methods and instructional strategies based on scientifically based research that
 - i. strengthen the core academic program in the school;
 - ii. provide an enriched and accelerated curriculum;
 - iii. increase the amount and quality of learning time;
 - iv. include strategies for meeting the educational needs of historically underserved populations;
 - v. help provide an enriched and accelerated curriculum; and
 - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
 - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- 2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
- 3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
 - a. strategies to attract highly qualified teachers;
 - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
 - c. the devotion of sufficient resources to effectively carry out professional development activities; and
 - d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
- 4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- 5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - a. Ensure that those students' difficulties are identified on a timely basis; and
 - Provide sufficient information on which to base effective assistance to those students.
- 6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- 7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

Authority Cited: Title 34 of the Code of Federal Regulations (34 CFR) sections 200.27(a)(3)(i)-(iii) and 200.28 and section 1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA.

Appendix B: Select State and Federal Programs

Federal Programs

Title I, Part A: School Allocation

Title I, Part A: School Parent and Family Engagement Allocation Title I, Part A: Targeted Support and Improvement Allocation

Title I, Part C: Education of Migratory Children Title II, Part A: Supporting Effective Instruction

Title III, Part A: Language Instruction for English Learners and Immigrate Youth

Title IV Part A: Student Support and Academic Enrichment Grants

Title IV Part B: 21st Century Community Learning Centers

Title V, Part B: Rural Education Initiative

Title VI, Part A: Indian, Native Hawaiian, and Alaska Native Education

State or Local Programs

After School Education and Safety Program
American Indian Education
Child Development Programs
Economic Impact Aid/State Compensatory Education (carryover funds)
Economic Impact Aid/Limited English Proficient (carryover funds)

California Foster Youth Services California Partnership Academies

California Tobacco-Use Prevention Education Program

Appendix C: Centralized Services for Planned Improvements in Student Performance

Centralized Services for Planned Improvements in Student Performance

Centralized Services/Expenditures for 2024-2025 State and Federally – Funded Categorical Programs

Title I, Part A, Improving the Academic Achievement of the Disadvantaged:

Provides supplemental funds to be used to narrow the educational gap between disadvantaged children and other children in those areas where the highest concentration of children from low-income families attend school.

- Funds are allocated for kinder readiness, supplemental intervention and summer programs for targeted students, homeless students.
- Supporting our District SPSA Goals.
- \$84,562

Title II, Part A, Supporting Effective Instruction:

Provides grants to Local Educational Agencies to increase student academic achievement by improving teacher and principal quality, increasing the number of highly qualified teachers and principals in the schools, and to hold Local Educational Agencies and schools accountable for improvement in student academic achievement.

- Funds are used for staff development for new teacher support, to improve teacher and principal quality supporting our District SPSA Goals.
- Private school staff will have the opportunity to participate in professional development activities funded with
- Title II.
- \$92.858

Title III, Language Instruction for English Learners (EL):

Provides funding for supplementary programs and services for English Learner (EL) students. Programs must provide staff development opportunities to school staff assigned to EL student populations. Funds may also be used for parental involvement and related EL student program activities.

- Partially funds Districtwide EL Instructional Assistant.
- High quality professional development for teachers and administrators, parent education and outreach, and non-mandated translator/interpreters, **supporting our District SPSA Goals**.
- Supplemental materials to support immigrant and EL students.
- \$153,655

Title III, Language Instruction for Immigrant Students

Provides funding for activities that provide enhanced instructional opportunities for immigrant children and youth. Supplemental materials to support immigrant and EL students.

- Funds are used for tutoring and counseling, materials and technologies, supplies, transportation, and instructional services to support immigrant children and youth Districtwide.
- Family literacy, outreach, and community services.
- \$32,434

Title IV, Part A, Student Support and Academic Enrichment:

Provides funding for supplementary programs, safe schools, and effective use of technology to ensure a well-rounded education for all students.

- Funds are allocated for after-school elementary math programs for at-risk students, ensuring safe and drug free schools, implementing academic programs to increase student achievement, and increasing student access to technology, **supporting our District SPSA Goals**.
- Private schools will have the opportunity to enhance student support and academic enrichment programs funded with Title IV.
- \$66,107

Appendix D: Programs Included in this Plan

Check the box for each state and federal categorical program in which the school participates and, if applicable, enter amounts allocated. The plan must describe the activities to be conducted at the school for each of the state and federal categorical programs in which the school participates. The totals on these pages should match the cost estimates in Form A and the school's allocation from the ConApp.

Fede	eral Programs	Allocation
	Title I, Part A: Allocation Purpose: To improve basic programs operated by local educational agencies (LEAs)	\$
Х	Title II, Part A: Improving Teacher Quality Purpose: Improve and increase the number of highly qualified teachers and principals	\$11,170
	Total amount of federal categorical funds allocated to this school	\$11,170

State	e Programs	Allocation
Х	Local Control Funding Formula (LCFF) Base Purpose: Support the needs of all students and student groups	\$216,698
Х	Local Control Funding Formula (LCFF) Supplemental Purpose: Support the needs of English Learners, low socio-economic, and Foster Youth	\$
	Total amount of federal categorical funds allocated to this school	\$11,170

Loca	l Funding	
Х	Technology Funds – Local Parcel Tax	\$40,212

Appendix H

Livermore Valley Joint Unified School District <u>Technology Funding Plan – ALL SITES</u> Technology Funds:

PROGRAM DESCRIPTION:

Granada High School recognizes the necessity and value of including technology in all aspects of high school education. From increasing the capacity of the infrastructure to developing the expertise of staff and students, Granada intends to integrate technology as a creative tool that facilitates learning and communication.

All Granada classrooms are equipped with a teacher computer, a projector, a sound amplification system, and a screen to facilitate display and use of online materials.

All teachers use Schoology as the central platform for their gradebook. Teachers make creative use of a variety of online programs to supplement their student's curriculum with the use of Google Apps for Education, Google Sites, Google Classroom, Curriculum that Matters, and EdPuzzle. With the ease of accessibility of artificial intelligence, teachers rely on Turnitin to determine the authenticity of work submitted and ensure that students produce their best original writing. Teachers also invoke a variety of applications that engage smartphones as educational tools, including Kahoot! and Quizlet. Science classrooms and some math classrooms have SmartBoards (or Promethean Boards) that facilitate highly interactive, computerized learning. An increasing number of teachers employ innovative techniques such as the flipped classroom model, online video lectures, and interactive homework.

Student engagement has increased in collaborative learning through the use of computers in the classroom, particularly through the growing use of chromebooks. Technology is a vital resource and in high demand among Granada staff and students and with the support of our District, Granada has issued a Chromebook to every student.

Granada has used its technology budget to not only upgrade multiple teacher computers but also completed the lab for Video Production and Computer Animation, begun the process to upgrade the Computer Graphics/Game Design lab, and replaced computers and monitors that will benefit our Industrial Technology offerings. Larger monitors were purchased for our Yearbook class, making student collaboration easier and clearer for the production of our student yearbooks. Printers have been purchased to upgrade some of the current peripherals to ensure presentations are more exciting and dynamic.

Students also have a variety of technology courses available to them: Digital Photography, Video Production, Computer Animation, Game Design, Computer Applications, Computer Graphics, Introduction to Computer Science, and Advanced Placement Computer Science. Other courses rely heavily on technology to share their curriculum, including Introduction to Engineering, Principles of Engineering, Computer Assisted Design, and Robotics.

Granada continues to encourage innovative ways to incorporate technology into learning and is eager to support professional development that provides increased training opportunities for teachers. With additional funding, conferences and materials could be more easily identified to provide the training that is needed to match the increasing interest students have shown in many of the computer-based courses that Granada offers.
