2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Principal's Message

Our experienced and talented staff at Arroyo Seco are committed to nurturing the social, emotional, and academic growth of each child. Our staff works tirelessly to offer hands-on, engaging lessons through Science, Technology, Engineering, Arts and Math (STEAM) units. The use of our newly updated Makerspace and our creative, thoughtful teachers help students develop the skills needed for success. Our teachers differentiate support for students at varying levels through our Personalized Academic Learning (PAL) period, giving all students an opportunity to shine in their own unique way. Arroyo Seco Elementary School was honored in 2004 and 2012 as a California Distinguished School. To build upon our successes, our staff offers a learning environment that allows each student to grow as an individual. We base education and program decisions on what is best for children. Our teachers continue to expand their learning to better assist students in achieving their academic goals. Our teachers continue to strive in providing the best academic and social experience.

We continue our strong focus on language arts and mathematics. Our teachers are receiving training around our language arts program and will continue to receive training on our writing and math programs. With this ongoing support, our teachers will continue working on State standards implementation. We recognize our students for following our Colt Community Rules of making good decisions, solving problems and showing respect. Our leadership teachers are guiding leadership students to build community, promote positive characteristics, and be conflict managers.

Our PAL lab is connected to our library. We have created a space for our teachers and aides to help provide instruction that is personalized. Teachers assess our students and provide instruction that is targeted to either fill in gaps or to provide enrichment opportunities. Arroyo Seco Elementary School has a unique school faculty. Our teachers have advanced degrees, administrative credentials, language capabilities, and professional backgrounds that bring a variety of strengths and skills to our school community. Our staff collaborates regularly to calibrate lessons to ensure all student needs are met. It is through a positive school and staff climate that we are able to trust one another, take ownership of all students' learning, and accomplish change. We are working towards developing common assessments, providing appropriate tiered interventions, and delivering a social-emotional curriculum to truly build the "whole child." Through the use of differentiated instruction, best instructional practices, and professional development for our teachers, we set high standards and address students' strengths and weaknesses, while also holding ourselves accountable for the success of all students. We share the ownership of educating all students by creating a safe climate built around trust and collaboration, allowing ourselves to embrace the needs of all students.

2021-22 School Overview

at Arroyo Seco Elementary School.

Our strong community partnerships enrich our academic focus across all subjects. Arroyo Seco Elementary School is located in close proximity to Lawrence Livermore National Laboratory and Sandia National Laboratory, affording us the unique opportunity for a strong partnership that enriches our science curriculum through field trips and the Teaching Opportunities for Partners in Science (TOPS) program. Through the support of local restaurants, several students each month are awarded the opportunity to dine and visit with the principal. Other community partnerships include Waste Management, the Livermore Police and Fire Departments, Livermore Heritage Guild, Livermore Area Recreation and Park District (LARPD), Bankhead Theater, Rotary, and local restaurants and businesses. In addition, a majority of our teachers have been recipients of technology grants hosted through the Donors Choose Program sponsored by Chevron. In partnership with our parent community, Arroyo Seco Elementary School enjoys a high level of parent involvement. Parents contribute through individual donations, classroom volunteerism, and various other programs such as Cultural Day, school beautification, and our famous running club. The Parent Teacher Association (PTA) is a strong presence that supports programs such as fundraising, field trip scholarships, student interactive assemblies, family fun nights, character education, student valet program, and Junior Achievement.

District Mission and Vision Statements

Each student will graduate with the skills needed to contribute and thrive in a changing world.

District Goals

Goal 1: Increase the percentage of students who have the skills and knowledge to graduate from high school college and/or career ready.

Goal 2: Provide an engaging, clean, healthy, and physically and emotionally safe environment to support learning at the highest levels.

Goal 3: Enhance parent and community engagement and communication.

School Mission Statement

Our mission is to foster curiosity, motivate and support our students in a positive and meaningful way, and to support the love of lifelong learning.

School Vision Statement

We will help all students excel in the foundational skills required to be productive, collaborative members of today's society.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores, and achievements.

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The LVJUSD has adopted the Next Generation Science Standards and the California State Standards in the following content areas: English/language arts and literacy in history/social science, science and technical subjects, and mathematics. Our district has also adopted the State content standards for history/social science, English language development (ELD), physical education, visual and performing arts, and career technical education. Our district adheres to State curricular guidelines for health and foreign language. The LVJUSD Board of Education has approved and adopted instructional materials in all content areas, aligned to State and district-adopted standards.

Our district reviews and adopts textbooks based on State and district standards. Our district instructional materials are selected and adopted in accordance with board policy and Board Regulation 6161.1 for Selection and Evaluation of Instructional Materials. Supplementary materials, including core literature and state-approved intervention materials are selected and used to increase access to standards-based instruction.

Our district's selection process includes a committee of teachers, along with parent input. The committee develops evaluation criteria, pilots materials, makes recommendations appropriate to each adoption cycle.

The final book selection is based on input from a district committee. Staff development is provided for all new textbook adoptions. Districtwide adoptions include elementary English language arts and English language development in 2018-19 and secondary in 2019-20, history/social science in 2005-06, science in 2006-07, grades 9-12 math in 2007-08, grade 6-8 math in 2014, and grade K-5 math and algebra 1 in 2016. Textbooks are available, without charge, for all students. Each student receives a book for his or her own use. Students are responsible for keeping textbooks in good condition and for returning them promptly at the end of the school year.

By the eighth week of school each year, the LVJUSD Board of Education passes a resolution certifying, "Sufficient Standards-aligned textbooks and instructional materials were provided to each student, including English learners (EL), in mathematics, science, history/social science, and English/language arts, including the ELD component of an adopted program." Foreign language and health textbooks are adopted and ordered in sufficient quantities. In addition, science laboratory equipment is available for science laboratory courses offered in grades 9-12, inclusive.

In accordance with the terms of the Williams case settlement and Education Code 35186, a uniform complaint process has been developed, and guidelines are posted in every classroom. "Each student, including English learners, must have a textbook or instructional material, or both, to use in class and to take home. This requirement includes pupils enrolled in foreign language and health classes, and is applicable to science laboratory equipment for science laboratory courses offered in grades 9-12 inclusive." No complaints have been filed relative to "sufficiency" of instructional materials in our district.

School Facility Conditions and Planned Improvements

Arroyo Seco opened in 1971. During the 2003-04 school year, the school underwent major reconstruction. A new wing was added, which included eight classrooms, offices, storage space, and restrooms. Two additional portables were added in 2005 to add two science labs. The landscape was also redesigned, including the addition of a large grass playfield, a new blacktop, and play equipment. During the summer of 2008, the front rooms of Arroyo Seco were renovated and enclosed with a fence. We have a large gymnasium, which also serves as our cafeteria; a stage for theater productions; and a library stocked with approximately 11,000 titles. Teachers have workstations in their classrooms with internet access and additional computers for student use. We have over 350 chromebooks, which gives us a ratio of 2:1 (2 students for every 1 chromebook). All classrooms recently received state of the art audio visual systems provided by funding from the Measure J Facilities Bond.

Two full-time custodians and one part-time custodian keep the school clean, and each class is assigned an area of weekly cleanup. Our campus includes access for students with disabilities. Three years ago, we improved the gates and fences to promote a safe and secure environment. All visitors must enter through the office to register before going to a classroom. Arroyo Seco employs six campus supervisors who start working 30 minutes before school opens and stay until the students enter the classrooms. Campus supervisors report back to monitor the students during the lunch period. Teachers monitor the students during recesses. After-school supervision is shared with workers from the after-school program located on campus.

We were fortunate enough recently to get two new play structures. Through the support of the facilities bond, we were able to receive solar panels in our parking lot. We are continuing to work on making improvements on our school facility.

Education is a top priority in the community of Livermore, and maintaining a safe and orderly environment maximizes student learning. The citizens of Livermore have passed three major funding measures targeting school facility needs: Measure B in 1975, Measure L in 1999 and, most recently in June 2016, the generous and supportive Livermore community passed the Measure J Facilities Bond.

Measure J funds will be used to:

- Modernize classrooms, science labs and educational technology for 21st century instruction
- Repair aging infrastructure: roofs, plumbing, HVAC and electrical systems
- Renovate facilities for advanced science, technology, engineering and math (STEM) and Career Technical Education (CTE) courses
- Improve safety, including security lighting, fencing, fire safety, and other emergency systems
- Upgrade deteriorated hardscapes, physical education facilities, and pick-up/drop-off zones
- Increase access to school facilities to better accommodate individuals with disabilities

Through these bond measures and developer fees, Our District has been able to renovate, modernize and construct new schools following the Facilities Master Plan.

Facilities are maintained through the diligent efforts of the site custodial crews and District maintenance staff. Our Board of Education has adopted cleaning standards for all schools in our District. The principal works with the custodial staff to develop cleaning schedules to maintain clean and safe schools. District maintenance staff performs the repairs necessary to keep the schools in good working order in a timely manner. A work-order process is used to ensure efficient service and that emergency repairs are given the highest priority.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Livermore Valley Joint Unified School District (LVJUSD) values active parent engagement and believes that parent involvement is essential to the success of all students. LVJUSD Board Policy 6020(a) states: "The Board of Education recognizes that parents/guardians are their children's first and most influential teachers and that sustained parent involvement in the education

2021-22 Opportunities for Parental Involvement

of their children contributes greatly to student achievement and a positive school environment. The Superintendent or designee shall work with staff and parents/guardians to develop meaningful opportunities at all grade levels for parents/guardians to be involved in district and school activities; advisory, decision-making, and advocacy roles; and activities to support learning at home.”

There are a range of opportunities for parents to engage with schools, including Parent Teacher Associations (PTAs), Parent Faculty Associations (PFAs), sports and activity booster clubs, and other supporter groups. On a monthly basis, the Superintendent of Schools meets with a representative of each school's parent organization at the Parent Communication and Information Council (PCIC). This gathering provides an opportunity for parent groups to collaborate with each other and representatives of our district regarding events, opportunities, and activities for students and families. This is also a time district representatives share new initiatives and current information with parent leaders. In addition, parents have the opportunity to share general concerns and ask questions directly to the Superintendent. Each school also has formal advisory groups including School Site Council (SSC) and English Learner Advisory Committee (ELAC) who represent other parents at the site and are critical in the development and monitoring of the School Plan for Student Achievement (SPSA). A representative from each SSC serves on the district Local Control Accountability Plan (LCAP) Advisory Committee, and a member of each ELAC serves on the District English Learner Advisory Council (DELAC), which also serves as the LCAP English Learner Advisory Committee. Through these two-way systems of parent support and engagement, parents, district, and school staff have open lines of communication and opportunities to engage in meaningful ways with the school community.

Arroyo Seco enjoys a high level of parental involvement. In fact, the cornerstone of our success is firmly embedded in our partnership with our parents. Many of our programs are supported through volunteering, fundraising, sponsoring, and participating in committees. Parents volunteer daily in all classrooms, run our copy center, and our morning valet program. Parents also participate in the School Site Council (SSC) and our Parent Teacher Association (PTA). The PTA organizes our primary fundraising event, the Stampede. The PTA also runs the weekly ice cream and popcorn sales, the Fine Arts Mini Experience (F.A.M.E) program, and publishes Arroyo Seco's bimonthly newsletter.

The parents at Arroyo Seco are a tremendous support and deeply committed to the success of all students.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Suspensions						
Expulsions						

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Arroyo Seco's Safety Committee consists of the principal, custodian, secretary, parents, and teachers. The Emergency Plan is available to parents and is reviewed yearly at staff meetings and with the School Site Council. Key elements of the plan are featured in the principal's newsletter as needed. We have an emergency committee that meets monthly to discuss needs around our drills. The Emergency Plan was reviewed, updated, and discussed at our September 2021 staff meeting. Emergency supplies are stored in our specific emergency container. We conduct fire and earthquake drills on a monthly basis. The staff participates in a disaster-preparedness program offered by our District. We do shelter-in-place drills at least once a year. We are working with a specialist to train and prepare staff for various emergencies. We have a yard duty supervisor on campus before school and during all recesses. All visitors are required to sign in at the office to obtain and wear a visitor's badge.

2020-21 Types of Services Funded

Categorical funds support a wide range of districtwide and site services to assist all students, including underperforming students, in meeting and exceeding standards. At the district level, categorical funds are used to provide program specialists and staff to monitor, implement and oversee Migrant Education, Native American Education, Special Education, intervention; summer school; Tri-Valley Teacher Induction Project (TV/TIP) and new teacher support; professional development; and the English learner (EL) program.

District-level advisory committees, such as the Local Control Accountability Plan (LCAP) District English Learner Advisory Council (DELAC), Career Technical Education (CTE) Advisory Committee, Technology Committee, Elementary Math Leads, Algebra Task Force, and Special Education Advisory Committee provide input and guidance to ensure compliance and ensure funds are used so that student needs are met. In addition, our district is implementing the LVJUSD Framework for Success. The framework includes Multi-Tiered Systems of Support (MTSS) for students' academic, behavioral, and social-emotional needs.

The following categorical programs provide the following services.

Categorical Program Funding Sources and Services:

- After School Education and Safety (ASES) funds support the Livermore ASES (BELIEVES) program at Marilyn Avenue Elementary and Junction Avenue K-8 Schools by providing enrichment opportunities, homework support, and an emotionally and physically safe environment for students.
- Carl D. Perkins Career and Technical Education funds provide professional development, services, materials and resources for career technical education in our high schools.
- Migrant Education program funds provide a community liaison, community outreach, instructional aides, tutors, technology-based PASS program, counseling, and preschool services.
- Tri-Valley Teacher Induction Program funds provide training and coaching for our new teaching staff and funds professional development.
- Special education funds provide staffing including program specialists, psychologists, therapists, professional development, transportation, and supplementary materials for special needs students.

Professional Development

Our district recognizes that each employee—classified, certificated and management—influences the opportunities for students to achieve at the highest levels. In line with our District Professional Development Plan, we offer and support ongoing growth opportunities that allow every teacher, administrator, and staff member to further develop the appropriate knowledge, skills, and practices required to create learning environments that allow all students to demonstrate high levels of achievement. Our Board of Education and our district administration recognize that all staff members of the LVJUSD must be provided time and support to acquire, improve, and enhance professional knowledge, practices, and skills.

During the 2021-2022 school year, relevant and timely professional development will be available and delivered to employees. Two designated professional development days and a flexible professional development day for certificated staff provide the option of individualized professional growth for teachers. This school year, teachers have additional learning opportunities to earn up to 13 hours of bonus Professional Development. Employees will be able to access professional development opportunities through attendance at a conference-style professional development day; attending workshops after the instructional day; or through on-line recorded sessions.

As part of the process used in annually updating our District Professional Development Plan, staff reviewed student academic and Social-Emotional Learning data; as well as reviewed feedback/input from staff from the previous years' PD opportunities. Professional development will primarily focus on effective Tier 1 instruction; Positive Behavioral Interventions and Supports (PBIS), student and staff safety; customer service; meeting the needs of students with Individual Education Plans (IEP); effective usage of technology as an instructional tool; effective instructional practices for English learners; and implementation of specialized programs such as Dual Immersion, International Baccalaureate, Advancement Via Individual Determination (AVID), and Advanced Placement programs.
