I want to express my opinion as a parent regarding :  
COVID 19 vaccination :  
those injections should be not mandated on children K-12 , instead let  
the parents decide what's best for their own children.  
MASK :  
Please, stop this Mask wearing rules at school . After 2 years there are  
many studies about how not effective and more harming this whole  
masking children at school is.  
Let them show their faces and smiles.

Thank you
