concern with mask mandate

Comments *

Dear School Board,

"I would like to express my concern about what is taking place in our school district. I believe all parents and students should have a choice when it comes to being masked in school. Students are suffering mentally, emotionally, and psychologically due to these mandates imposed by the district. Health decisions for students should be family decisions, not that of a district board. These mandates are not law and therefore, can be challenged and done away with. I ask that you act immediately to give families a choice."

Thank you for your time and consideration,

Jill
