Covid 19 Vaccine & Mask Mandates

Comments *

I am a parent of a LVJUSD student. Covid vaccines should not be mandated for any of the children, teachers, administrators or staff for multiple reasons, but especially due to the fact that they are only approved for emergency use. Long term side effects of both covid and these vaccines are still unknown and at this point these decisions should be left up to the parents & the individuals. Especially when the risk is equal to or out weighs the benefit.
