Subject *	Support for masks in schools

Comments *

To Whom it May Concern:

As a parent of two children in the district, I wish to state my support for the mask mandate that has been put in place by our school board. I do not like masks, but I believe in the science behind masking and I believe that it is the easiest and most functional way of keeping our kids safely in the classrooms. Furthermore, I do and will support a vaccine mandate for all eligible students and all staff of the school district. If we had to get them Tdap boosters before they could enter 7th grade, we can get their vaccines and boosters for Covid every year, if necessary.

Thank you for doing your best to keep our kids safe and please remember that personal freedom does not extend to putting others in harm's way.

Sincerely,
Georgette Thomason
