Hi,

It has come to my attention that the Livermore school district is not getting the appreciation or deserves for using science and an evidence-based approach to handling this current pandemic and keeping kids in school and as she as possible. So I wanted to send a quick message saying how grateful I am for all of your efforts to keep students, teachers, and staff safe with masks, distancing, and vaccination. Thank you for everything you do to keep our kids and community safe. You are appreciated and applauded for your efforts!! Thank you!!

- Carolyn Fisher

(Scientist and mother of a 20 month old that will be attending Livermore public schools in the future)
