#### 4. CRITERION: LCFF Revenue

4A. District's LCFF Revenue Standard

Indicate which standard applies:

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)' and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.
