Keep the Technology Coach Position

Comments *

Dear School Board President Bueno, Trustee Guzman, Trustee Prusso, Trustee Wang and Trustee White:

Thank you for your thoughtful approach as we have navigated through some very difficult school years with the Covid Pandemic. One of the areas where our district excelled was having dedicated technology coaches who helped all our teachers, paraprofessionals and administrators quickly get up to speed with all the new tools we would suddenly need.

We used to have several tech coaches in our district, and now only one position remains this year. I've learned that this tech coach position will be eliminated at the end of this school year. As a fourth grade teacher and site tech lead, I've worked with Noah King, our current tech coach, to troubleshoot numerous issues. He coaches teachers through lessons with their students during the school day, which as a classroom teacher I'm unable to do. Technology changes quickly, and it is not always clear how to best incorporate new technologies into the classroom. A tech coach is a valuable position that positively impacts many teachers and students over multiple school sites. Please reconsider the elimination of the tech coach position.

Lisa Wilson

Fourth Grade Teacher/Site Tech Lead

Arroyo Seco Elementary School
