Masks don't work

Comments *

Given the latest requirements of schools in the state to mandate N95 masks at school why isn't the take away from this that the other masks do not work? And if they do not work then why are we still wearing them??!! We ask our kids to be critical thinkers but you as a district do not and have not modeled that on any level throughout this pandemic. Please allow students and parents to make a choice regarding masks that is best for them.
