Name * Tawny Alexander

Address *

Phone Number

Email *

Subject * Time to end the school covid protocol

Comments * At this point we are (over) testing for the common cold. With 4 children in the school system it seems just about every week someone is getting testing from a "covid exposure" in their class. I do not care there was an exposure, but I do care about the over testing. My children have been through enough of the testing, I'm done with it. While vaccinated students who can also give and receive the virus do not have to test. The schools need to move on and realize this is merely jumping through hoops and pushing a vaccine agenda.
