Mask Mandate in Schools - please enforce!!!

Comments *

Board members -

I am writing to request that the district support and enforce mask mandates in our schools. It is clear that masks do not pose a health risk to students and that they work in keeping us safe from COVID. Our children deserve to be in school and deserve to be healthy. They do not have a problem with wearing masks, it's some adults that do.

My daughter has mild asthma and in talking with her asthma doctor, masks are not a concern but rather needed to help keep her safe. I urge you to follow the advice of health officials versus the misinformed opinions of some parents who are trying to get you not to enforce the mask mandate. We need to look at other districts around the country who opted not to have a mask mandate and what happened with their case numbers.

Please make the right decision keeping our children and the school staff's health and safety at the forefront of your decision.

You have an obligation to keep our schools a safe place for our children.

Thank you.
