CRT/Shot Mandates/Mask Mandates

I had three children attending LVJUSD schools. I have since pulled my youngest and put him in private school to shield him from all of this propaganda your district is pushing and implementing. If it wasn't for High School sports, all three would be gone. I know I am not alone. You have failed us.

CRT: You have spent \$151,000 on training to teach our kids how to become racists. Our hard working tax dollars are paying for an education that can ruin generations and our country as a whole.

\$70,000 has been spent on an equity grading system. \$70,000!!! Do you realize what that money could have been usefully spent on??? Now, all kids will be graded on a curve based on the color of their skin. I DO NOT WANT MY HISPANIC CHILDREN TO BE TREATED ANY DIFFERENT THAN ANYONE ELSE!!!

And then, we have the mandates.... Mask mandates are obviously not for covid transmission because if it were, the type of mask being worn to school, would be regulated. Now kids are allowed to wear thin masks and neck gators to school. This mask mandate is to prevent our students from making meaningful connections. It is to make them subservient to the indoctrination you call curriculum. Your quarantine protocols are more important than students passing their classes. Your focus is on all the new rules and regulations, that you are completely forgetting about what really matters...the kids.

If you are considering mandating the Covid shot, our family is done. I am not willing to play Russian Roulette with my children's health and a school district is definitely not going to make me.

I am disgusted by your lack of caring and protecting our kids as a whole. You are pawns of the fear mongering media/government. It is time to stand up for what actually makes sense. It's time to take our school district back and make it a safe haven for parents to take their kids too and a place where our kids feel safe.

Make this right!
