If you lift mask requirements

Comments \*

To the Board,

Thank you for your time and for all you are doing to bridge the divide in our community.

After the county mask mandate is lifted & the board has to decide what to do next. I would say that personal choice of one should not negatively impact the healthy of another. If you ultimately give parents the right to not mask their children you need to give those of us who choose to mask our kids a way to continue to keep our kids safe. If you take this action, I would suggest that you have masked classrooms & unmasked classrooms so families get real choice. Please don't put my masked kid in a classroom with an unmasked child. If choice is given have it be fair.
