**Subject:** Not Following CDC guidelines / My Kid kicked from school

Please send me the material, Power School, for my son's education for the next 10 days. Unless you agree with the CDC and want him to fail. Please mark him as absent so you do not receive the FEDERAL FUNDS for his education due to REFUSING to educate him. Joshua will be back on Monday, September 13. Is there a problem with this? Or if I can get him through the doctor's process, he will be back sooner. Please put our kid's education first not yours or your Union. I thought you are here for the kids not the teachers. Thanks,

Board Members PS – All of you should be ashamed to let this happen. Please ask Mrs. Angelo what went on. The teaching profession used to be revered now it is a joke. My coworker's daughter goes to school in Mountain house and was sent home with runny nose BUT could come back the next day if not having any symptoms. Do they have a different CDC guideline? Or are they smarter than ALL of you decision makes. My son had sniffles from allergies. BTW – The guidelines that you have put up from the CDC says "If you have Symptoms" **plural. You are all educators; don't you know plural from singular? Symptoms not Symptom. Stupid. You should resign if you don't.**  
**Thanks,**

**Robert Hoff**
