Dear School Board Trustees Beuno, White, Prusso, Wang, and Guzman,  
I am a Livermore resident and the parent of a one year old. I would like to thank the LVJUSD School District and School Board for hosting vaccine clinics for children ages 5-11. Working together as a community to get children vaccinated as quickly as possible means that my child who is too young to be vaccinated or to wear a mask will now be safer in our community.  
Thank you for your efforts over the past several months, starting with the vaccine clinics for adults, which myself and my partner both participated in, and following through to now. Your efforts to keep our community safe are truly appreciated.
