Mask removal of students

Comments *

I'm am writing expecting the school board to do what's right and make it parental choice for masking, effective immediately. If we're following the CDC, they are not recommending masking children in school. King Newsome announcing we're waiting until March 12 makes absolutely no sense if we're "following the science". Other districts in California have made masks optional. Again, it is time for the board to step up and do what's right. No more mask mandate! Enough is enough.
