Mask Mandate in School Is Vitally Necessary

Comments *

It has come to my attention that a group of people are fighting mask mandates for our schools this fall. I am writing to affirm my family's strong support for mandatory masking when school begins. It would be dangerous and irresponsible for our students, many too young for vaccination, to be gathered without masking, especially considering the growing prevalence of the more virulent Delta variant of COVID-19. Eliminating the masking requirement would place in danger our children, staff, and families, especially those most vulnerable due to age or various health conditions. If masking is not mandatory, many students will refuse to wear them. School outbreaks will be inevitable, leading to quarantining, school closures, and more community spread of the virus, not to mention possible death or long-term disability that could have been avoided. I am immunocompromised, and if masking is not mandatory, we will have to withdraw our child from his school, for his safety and the safety of our whole family. Please do not allow a group of ill-informed people to endanger our children, staff, and families. Thank you.
