Subject * Drop the mandate

Comments *

We are done pretending, that this is anything abuse CHILD ABUSE.
Drop the mandates and give our children A CHANCE TO SHINE!

Let's see those smiles!!! Return to recognizing that parents know what is best for our children.

I would like to express my concern about what is taking place in our school district. I believe all parents and students should have a choice when it comes to being masked in school. Students are suffering mentally, emotionally, and psychologically due to these mandates imposed by the district. Health decisions for students should be family decisions, not that of a district board. These mandates are not law and therefore, can be challenged and done away with. I ask that you act immediately to give families a choice and remove the mask mandate.

This has continued for FAR too long. Our children deserve MUCH better than to be restricted all day by mask. We should be teaching our children to come back together as a class, a school, and a community.

If the NFL can pull it off, then so can our very burdened education system.
